JEE-O's freestanding outdoor showers combine sustainable design with luxury and functionality. They make an ideal garden feature that you can use to cool down in heat of the summer and provide essential hygiene for users of your swimming pool or sauna. A hot shower is also the perfect way to rinse off after relaxing in an outdoor hot tub in the winter.

JEE-O 365 - all weather frost free

All outdoor showers shown in this brochure can be installed with a special 365 all weather frost free option. It means your outdoor shower can be used in comfort all year round and is guaranteed to be frost free at temperatures as low as minus 30°C. Enjoy this option and have your own mini wellness center in your garden or on your roof terrace, 365 days a year.
