SERIES BY EDWARD VAN VLIET

“It is important to have a bathroom
where everything is coordinated”

Edward van Vliet

Together with the well-known Dutch interior designer Edward van Vliet, JEE-O has designed a stylish bathroom collection: the bloom series. Like all designs of the top designer, the refined collection was inspired by nature and geometry.

Van Vliet's love of nature and geometrical shapes is reflected in the smooth transition from facet to round shapes in the design of the baths and basins, and in the hexagonal-shaped faucet heads and handles. A sunflower served as inspiration for the shower head.

The timeless bloom collection includes all the elements for optimum bathroom enjoyment: a bath, top mounted and freestanding basins, a ceiling shower and wall shower, and accessories. Designed with care and vision, they are all eye-catchers with international allure to suit any bathroom.

SERIES BY BRIAN SIRONI

“We rarely see the pipes; they are hidden away behind walls and under floors”

Brian Sironi

Water takes on the shape of the object that contains it. That concept has been the starting point for Italian designer Brian Sironi in designing the JEE-O flow series. Up until the moment water flows from the faucet and is free to take on any shape, it has the shape of the pipes through which it flows.

Brian Sironi: “We rarely see the pipes; they are hidden away behind walls and under floors. These taps and mixers from the flow series reveal the piping, extending it into the bathroom.”

SoHo is a vibrant neighborhood in cosmopolitan New York. A dynamic melting pot of cultures and styles, and home to countless industrial loft apartments, SoHo is austere and stark. This freestanding product line is characterized by the same simplicity. Less is more. Thanks to the one-move cartridge in the faucet mechanism, the cleverly designed handle with a tactile rubber coating can be operated in the same way as a joystick. The JEE-Osoho series is the first product line to result from the alliance between JEE-O and the Amsterdam-based design studio Grand & Johnson: creative cosmopolitans working together to shape maximal minimalism.

*The JEE-O soho shower 01 won a Red Dot award and a German Design Award.
